Institutional Values

At Bharati Vidyapeeth college of Architecture, our institutional values serve as the foundation for our commitment to realizing our vision of having a transformative impact on society through dynamic education, research, innovation, and entrepreneurship. These values guide our actions, shape our culture, and define our identity as an educational institution dedicated to excellence. We uphold the following values:

- **Excellence:** We strive for academic and research excellence, maintaining high standards in all aspects of our educational programs.
- **Inclusivity:** We provide equal access to education based on merit, embracing diversity and creating an inclusive environment for all.
- **Student-Centric Approach:** We prioritize students' needs, fostering an environment that encourages their personal and intellectual growth.
- **Research and Knowledge Application:** We promote innovative research and apply knowledge for community development.
- **Information and Communication Technology (ICT):** We leverage technology to enhance teaching, learning, and governance.
- **Quality and Continuous Improvement:** We focus on maintaining high-quality academic and administrative processes, continually seeking improvement.
- **Collaboration and Partnerships:** We establish partnerships to drive innovation and create impactful educational opportunities.
- **Sustainability and Professional Standards:** We promote sustainable practices and maintain professional standards through industry collaborations.

By embodying these values, we fulfill our mission to have a transformative impact on society through dynamic education, research, innovation, and entrepreneurship.

Institutional uniqueness:

- **MOSAIC**

BVCOA, Navi Mumbai, with active participation of all the students, arranges 'MOSAIC- of Conversations and Ideas' an annual conference that provides a multidimensional platform for students to interact with eminent personalities associated with the field of architecture. The platform creates an opportunity to amalgamate the academics with architectural practice. The experts are invited from the fraternity around the globe, to share their experiences through an open conversation with students. The institute strives to have thought-provoking sessions of discussions through a 3 - day long event that helps students to develop a new perspective towards the field and enlighten them with innovative thinking skills.

- **INDO FRENCH WORKSHOP**

The institute participates, every year, in INDO FRENCH WORKSHOP with set of students that offers a wide exposure to the pupils to interact with the students as well as experts from the field, worldwide. The major objective of this international collaborative workshop is to foster cross-cultural understanding and dialogue between participants from different countries and cultural backgrounds, which help participants, gain a deeper appreciation of the unique challenges and opportunities associated with different built environments. Also, this proves to be a platform for sharing best practices and knowledge associated with community development and documentation. Participants learn about innovative design techniques, sustainable building practices, and effective community engagement strategies from experts and peers. This collaborative workshop provides an opportunity for participants to build networks and partnerships with professionals and peers from different countries as well as cultural backgrounds. This in turn leads to further opportunities for students in terms of internships, jobs or active involvement in research projects with global dimension.
