Description:

The institution offers two University affiliated courses - Bachelor of Architecture (5 years) and Bachelor of Vocational Training (3 years). Bachelor of Architecture course commenced in 1992-1993 and Bachelor of Vocational Training course commenced in 2018-2019. It holds an excellent record in the number of students graduating each year. The result analysis of past 5 years of final year students has been attached below. The pass percentage is calculated as per the formula given below:

Formula:

$$\text{Percentage per year} = \frac{\text{Total number of final year students who passed in the university examination.}}{\text{Total number of final year students who appeared for the university examination.}} \times 100$$

$$\text{Average Percentage} = \frac{\text{Percentage per year}}{5} \times 100$$

The first table indicates the overall percentage of students passing the university exam for the course of Bachelor of Architecture and Bachelor of Vocational Training combined. A year wise result analysis of individual courses – B. Architecture and B. Vocational Training is provided.
