Human Resource Development

Report-2023-24

The Human Resource Development (HRD) Centre at our college played a pivotal role in enhancing student engagement and fostering a vibrant campus culture throughout the academic year 2023-2024. The Centre organized a variety of events that helped promote teamwork, build friendships, and celebrate cultural diversity. Among the key initiatives were several outings and team-building activities, including adventure trips and nature retreats. These outings allowed students to bond outside the academic setting while participating in fun and engaging activities that encouraged collaboration and personal growth. In addition, the HRD Centre hosted monthly social lunches, where students from different departments came together to interact informally, strengthening relationships and creating a sense of community on campus. Farewell parties were also an important part of the HRD Centre's activities, offering a chance to bid farewell to graduating students. These events were filled with speeches, music, and gifts, celebrating the contributions of those leaving and ensuring they had a memorable send-off. The Centre also organized celebrations for major cultural festivals such as Diwali, Christmas, and Holi, where students participated in traditional rituals, shared festive foods, and enjoyed cultural performances and competitions. These festivals promoted inclusivity and provided students with the opportunity to showcase their talents. Additionally, the HRD Centre focused on students' well-being by offering wellness programs, including fitness challenges, yoga sessions, and stress-management workshops. Skill development workshops were also held, aimed at enhancing students' leadership, time management, and public speaking abilities. The HRD Centre's activities were integral in creating a positive campus environment, encouraging personal and professional growth, and ensuring students had a well-rounded college experience.
