Organized by	BVCOA, Navi Mumbai
Objective	To improve the quality of services of the Institution To reduce the manual data work and quick report compilation. To improve Communication and collaboration among faculties To improve Data security and accessibility. To improve financial planning.
Faculty Coordinator	Ar. Ankita Kadam and Ar. Bhavika Jain
Supporting Staff	Ar. Sourasis Barman
Date and Time	20 th April 2023
Venue (Online)	Seminar Room
Venue (Offline)	Computer Lab
Brief about the (Activity/Event)	All the Institutions of Bharati Vidyapeeth colleges are undergoing change with respect to administration and function the colleges. Instead of manual, all the documents are required to be officially accessible to all through online mode. Since the data's will be uploaded online, parents and students will also be able to access and check their wards, performance. For same, the software was purchased from Vmedulife. There were two training session conducted in BVCOA, NM college. Firstly Offline training was taken by vmedulife team. And Second training session was online mode. Both the demonstration was attended by Teaching and Non- Teaching staff.

Date and Time	17 th August 2023
Venue	College campus, BVCOANM (At the Entrance of Architecture college)
Participants	All Faculties and students
Brief about the (Activity/Event)	<p>Description:-</p> <p>Planting trees is a continuous charity. This independence week BVCOA planted trees to make the city green and let the city free from pollution. Here's BVCOA hosted an outdoor activity of planting trees in the college campus. Everyone was given saplings and they had to plant them in their allocated spaces.</p> <p>Both the Teaching and Non- Teaching participated in the event. Students from 3rd year, 4th year and 5th year participated. Trees were planted on the special occasion of 75th Independence day.</p>

Topic:	ABSE 2021 - Sustainable Forest Resort
Brief about the (Activity/Event)	<p>Description: The primary purpose of a good resort is to make sure that it caters to a holidaymaker's leisurely escapades. Its major goal is to allow all kinds of recreational retreat that a person demands from a short holiday, apart from taking care of the basic needs like food, drinks and stay. Accounting for all these points, our aim has been to efficiently map the public and private zones. The private spaces are shaped more rigidly in the form of cubes and cuboids and the public spaces are more free-flowing in the form of curvilinear areas signifying flexibility and openness. Apart from that, semi-private and semi-public areas are an amalgamation of rigid and non-rigid spaces. The spa is placed in the south east part of the site, designed in the form of a square platform. It is divided in four separate rooms and is raised on timber columns on a circular sand mount. To ensure the peace and tranquility of the users it was important for it to be isolated from other parts of the design. The South east side has an artificial waterfall, depicting the serenity of Athirapilly waterfall. The first floor dining area features a curvilinear design of a parapet, providing a stunning view of the waterfall, along with dining huts which ensure the privacy of different groups of people. Cycling track and hammocks have been provided in the shade of the trees on the eastern side. This space proves to be a calm environment for dining, where one can relish the sounds of nature</p>

Post pandemic situation today rings many warning bells for Mankind and our survival in Earth. It raises pertinent questions like should we go back to the way we were earlier or should this Unlocked Scenario take us to a new Path? Is there a need for Architects, Planners to now become integral part of Decision making in Planning and Actualisation of our Country and world at large?

To answer these and many such questions facing us starkly today, BVCOA, Navi Mumbai has initiated a dialogue with renowned experts in this field to deliberate and find path ahead for us

Why Waste Management?

- Waste management is important because it helps in maintaining the cleanliness of the whole world. It needs to be practiced because the entire population's health and protection depend on it.

Importance of Waste Management

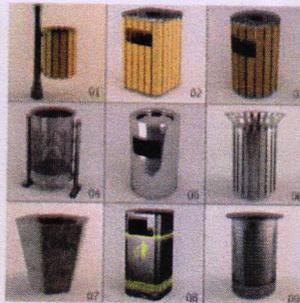

Waste management involves the regular collection, transportation as well as processing and disposal or recycling and monitoring of different types of waste materials. These services can save the environment from being harmed.

To avoid above wastes in the campus
Types of Wastes generated in the campus by the users and solutions for the same -

Sl. No.	Types of Waste	By Whom	Form	Where	Design Solutions	Budget
1	Non degradable, Degradable and Paper	Staff and students	Plastic, glass, etc. Food items, etc. And paper	Dustbins on all floors	1. In Architecture department 3dustbins per floor 2. In other departments 2 dustbins per floors	1. Rs. 3000/- (one dry and wet waste combined and one for paper waste separate) 1. Rs. 2000/- Per piece (dry and wet waste combined)
2	Electronic Waste	All Departments in the campus	Monitors, keyboards, mouse, cables, cd's, hard discs, etc	Computer lab, admin area and staff rooms	1. Can appoint any organization who takes waste Ex. - Green India E-Waste And Recycling OPC Pvt. Ltd	NA
3	Girls toilet waste	For departments all	Provide one sanitary incinerator per department which can be used at the end of the college hrs.	One dedicated person per department	1. Architecture department already installed it 2. Other departments will need to install one	NA Rs. 23000/- Per unit

WASTE MANAGEMENT

DESIGNED BY:
 Ar. Suvansh Thakore
 Ar. Tejaswini P.N.
 Ar. Trupti Ramot
 Ar. Harshada Pankaj

Waste Bins

Cost: Rs. 3,500/- per Set
 Total range: Rs. 45,000/- to 50,000/-

1	Gandhi Global Solar Yatra
---	----------------------------------

Organized by	BVCOA, Navi Mumbai and IIT Bombay
Objective	The project of Beautification was conceptualized and proposed with the purpose for <ul style="list-style-type: none">• Better facilities for all users• Enhanced image of the institution• Positively impactful and more meaningful spaces• Better sense of safety and security• Integrated appeal as a campus• Better expression on visual platforms through photos
Faculty Coordinator	Ar. Ritu Deshmukh
Supporting Staff	All Faculties
Date and Time	02 Oct 2019
Venue	At Campus / Courtyard
Brief about the (Activity/Event)	<p>Description: On 2 nd October 2019, IIT Bombay along with BVCOA NM participated in making 150 solar lamp for the villagers. It was a day's workshop to promote self-sufficiency in energy for sustainability.</p> <p>In the context of energy, lack of energy access and climate change, the need of the hour is the production of energy by masses. It is clear that only science and technology development will not be sufficient for sustainable existence on earth. It is high time that we pay gratitude and adopt Gandhian ideologies while celebrating 150 th birth Anniversary of Mahatma Gandhi.</p> <p>The Gandhi Global Solar Yatra is planned to promote sustainability mainly for those who lack access and it is possible today to provide complete cost effective, reliable and sustainable solar energy access</p>

Hands-on Training on Student Solar Lamp Assembly

Training GGSY <training@ggsy.in>
to harshad, bcc: me

Fri, Sep 27, 2019, 7:04PM

Dear Trainer,

Thank you for becoming a part of Student Solar Ambassadors Workshop 2019.

As we are heading towards the Main Event on 2nd October 2019, You all must be ready with training and theoretical information to be given to the students.

We hope, all Trainers have completed with the training course for successful conduction of the global event, for those who haven't started the course please begin with it at the earliest.

Also the training course is open now to all, You can start the training here: https://www.iitbombayx.in/courses?search_query=SSA.

Let us know in case of any query.

Regards,

Team GGSY
+91 9930684202

Info ggsy <info@ggsy.in>
to training, bcc: me

Wed, Jan 22, 2020, 4:11PM

Dear Trainer,

Greetings from IIT Bombay!

At the outset, we would like to congratulate you on becoming the trainer in the SSA held on 2nd October 2019. We hope you have completed your online training course successfully with more than 80% marks.

We understand that there has been delay in issuance of the certificates, however, the due checks were required for validation of the marks obtained by each of the trainers, which account for thousands. The certificates would be made available on the IITBX portal by 30th of January 2020.

We regret the inconvenience caused to you. We hope that you had a great learning experience with us and you continue creating awareness about climate change and viability of solar technology.

Regards,

SSA Team

COVID-19 RELATED CLEANLINESS REPORT

BHARATI VIDYAPEETH COLLEGE OF ARCHITECTURE, NAVI MUMBAI.

According to the university directives Final year B.Arch. classes were announced as offline and the students were informed regarding the same. The college was prepared with considerations of COVID-19 directives of social distancing and sanitizations in the premises. The committee was formed to check the day to day sanitization activities and reporting of the students. The following are the points observed by the committee:

- The COVID-19 cases are rising in Mumbai region so, students did not report to the offline classes.
- The regular sanitization continued and observed by the committee.
- The college is all set to the offline classes as per govt. norms.
- The photo documentation is done daily basis and attendance of the students is maintained.
- During this period online classes were conducted as per timetable for completion of the syllabus.

4	Workshop on Up-Cycling, Kharghar - Design Week event
---	--

Organized by	Bachelor of Architecture, BVCOA
Objective	The primary objective of the workshop was to develop skills and innovative approaches in the field of design. The sustainable and environmentally best design solutions are going to lead the future of the nation. The need of such initiative will help the student in sensitization towards the Green development. This is definitely going to help them in development as a person as well as sharing the role as citizen. The workshop will give them opportunity in handling different materials in different logic and novel new ideas for brain storming.
Program Approved by	Prof. Ritu Deshmukh
Faculty Coordinator	Ar. Ruta Pawar and Ar. Trupti Kamat
Student attended	25
Program In-Charge	Prof. Ritu Deshmukh
Date and Time	2 nd -7 th December, 2019
Venue	At Campus
Brief about the (Activity/Event)	The students collected the different types of waste and sorted as per the design requirements. The design discussion took place in the initial sessions and the ideas were finalized. The smaller units were executed in studios and the large installations were done in the workshop area. The students tried different materials and experienced working with them. They experienced innovative ways and learning's in the process. The final stalls were put forth for public awareness. Students shared their experiences and skilled the people with the models.

ACADEMIC YEAR 2018-2019

1	Power generator Cycle - Innovation Project
---	---

Organized by	BVCOA, Navi Mumbai
Objective	Innovative projects. Technology awareness among students and faculties. Health awareness – Mental health and Physical health.
Faculty Coordinator	Ar. Trupti Kamat
Supporting Students	Tushar Kadu, Siddhant Bende
Date and Time	September 2018
Venue	At Campus
Brief about the (Activity/Event)	<p>Description: An innovative cycle was designed to improve the mental health and strengthens the immune system of the people and secondly, the electricity generated by the cycle will also help them to charge their electric gadgets with no cost. This was conceptualized by our Assistant faculty member Ar. Trupti Kamat. It is installed with a dynamo electric generator which is connected to battery. Pedaling a bike at a reasonable pace generates about 100 watts of power. That's the same energy-per-time used by a 100-watt lightbulb. Hence if the cycle is pedaled eight hours every day for 30 days (no weekends off), then doing the math, it generates 24 kilowatt-hours (kWh) of energy. The good part of it is that the battery and the switchboard are also installed on the cycle.</p> <p>The cycle is not just for pedaling at one place but can be used for travelling as well. As it can be used for various activities such as, it can be used by students to charge their mobiles and laptops</p>

anytime. We can install this system into E-bikes which are designed for urban traffic conditions. The maximum cycle is used in the gym for exercise purposes. Therefore, this system can be a sustainable way of using electricity for gym equipment.

She was assisted by student coordinators to promote technologies among the students. Students who do not use a cycle for travelling to the college or other places, can start using them within the campus and nearby places.

2	Eco- friendly Ganesha – A clay workshop
---	---

Organized by	BVCOA, Navi Mumbai
Objective	Learning about Eco-friendly materials. Celebrate Ganapati festival.
Program Approved by	Ar. Ritu Deshmukh
Faculty coordinator	Ar. Gulshan Kumar
Students Coordinator	Council Team
Participating Students	All years
Date and Time	31 August 2018 2:00 PM
Venue	At Courtyard
Brief about the (Activity/Event)	<p>BVCOA NM and RCNM hill side (Rotaract Club of Navi Mumbai) jointly organized the event of eco- friendly Ganesha at courtyard. It was one day event. Approx 60 students had registered for the workshop. This event was open to all years of students. This gives a free hand to our students to become creative and show their talent in detailing Bappa and to show various forms and expressions of Bappa.</p> <p>Students registered for the event on the same day. All the materials like Shadu Mitti, Paper plate and water was given after the registration. Students bought their own carving tools and decorative materials.</p>

3	Bamboo and Ferro cement Workshop
---	---

Organized by	BVCOA, Navi Mumbai
Objective	To adapt students to Vernacular Architecture. To hone students' skill on Bamboo and Ferrocement Architecture. To work on sustainable materials and understand detailing of the eco-friendly materials.
Faculty Coordinator	Ar. Ritu Deshmukh
Supporting Staff	Ar. Tejaswini HM and Ar. Sumitra Kadam
Students	For Final Year students
Date and Time	27 th November 2018 to 01 December 2018
Venue	At Campus
Brief about the (Activity/Event)	Description: This workshop was conducted by Ar. Sayali Andhare and team from Pune. A batch of approx. 60 students of Final year opted for this workshop. They were taught of how to select Bamboo, Preserving techniques, different methods to cut bamboo and its Joinery methods using metal anchors. Students learnt to design shed using Bamboo. It was five days' workshop, learning stages of bamboo details. For Ferro cement workshop, students of final year of architecture attended a comprehensive exercise for technique Ferro cement workshop is a form of building by our own faculty Ar. Gulshan Kumar. Details were - Introduction of how ferro-cement is used to make structures. & how to make and mould pots form the clay. Ferro-cement workshop techniques exploration & exercise. And final was Installation. The 5 days documentation exercise culminated into various layers of understanding an architectural perspective.
